

USETHANOL™ Opens Biofuel Station in Bingen, WA – January 17

FOR IMMEDIATE RELEASE

Vancouver, WA, January 17, 2008 – US Ethanol, LLC and Wilcox & Flegel Oil Co. opened the third USETHANOL™ Biofuel Station Friday, January 11, 2008 at 117 East Steuben Bingen, WA 98605.

The USETHANOL™ E85 pump is part of US Ethanol, LLC's strategy to establish at least 65 E85 pumps in Western Washington and Oregon during the next two years. It is the third USETHANOL™ E85 outlet in the Pacific Northwest.

US Ethanol, LLC is committed to developing the I-5 corridor as a major market for clean, green, renewable fuels that will enhance your driving experience while maintaining the environment of the Pacific Northwest.

To determine if a vehicle is E85 compatible, look inside the vehicle's fuel door, consult the owner's manual, or visit [www.E85Fuel.com](http://www.E85Fuel.com).

About US Ethanol, LLC:

US Ethanol, LLC is a privately held company based in Vancouver, WA. Through its wholly owned subsidiary, Northwest Renewable, LLC, it is building a 55 million gallon per year fuel ethanol production facility in Longview, WA. Its long term mission is to bring renewable fuels directly to the motorists of the Pacific Northwest. US Ethanol, LLC markets its ethanol under the trademarks USETHANOL™, USE™ and USE – E85™.
