

USETHANOL® Opens Biofuel Station in Marysville, Washington, USA

FOR IMMEDIATE RELEASE

Vancouver, WA, May 1, 2008 – US Ethanol, LLC and Wilcox & Flegel Oil Co. opened its fourth USETHANOL® biofuel outlet Tuesday, April 30, 2008 at 1401 172nd Street NE, Marysville, Washington, 98271.

The USETHANOL® E85 pump is part of US Ethanol, LLC's strategy to establish at least 65 E85 pumps in Western Washington and Oregon during the next two years. It is the fourth USETHANOL® E85 outlet in the Pacific Northwest and represents the first USE-E85™ outlet in the Puget Sound region.

US Ethanol, LLC is committed to developing the I-5 corridor as a major market for clean, green, renewable fuels that will enhance your driving experience while maintaining the environment of the Pacific Northwest.

To determine if a vehicle is E85 compatible, look inside the vehicle's fuel door, consult the owner's manual, or visit www.e85fuel.com or www.e85vehicles.com.

About US Ethanol, LLC:

US Ethanol, LLC is a privately held company based in Vancouver, WA. Through its wholly owned subsidiary, Northwest Renewable, LLC, it is building a 55 million gallon per year fuel ethanol production facility in Longview, WA. Its long term mission is to bring renewable fuels directly to the motorists of the Pacific Northwest. US Ethanol, LLC markets its ethanol under the trademarks USETHANOL™, USE™ and USE – E85™.
